**Una pietra ceramica ispirata a un
limestone dalla personalità decisa.
Il colore originale, un beige caldo e
luminoso, viene declinato anche in
due grigi limpidi e sofisticati.**

A ceramic stone inspired by a limestone with a strong personality. The original color, a warm and bright beige, is also available in two clear and sophisticated greys.

Une pierre céramique inspirée au Limestone avec une forte personnalité. La couleur d'origine, un beige chaud et lumineux, est décliné aussi en deux gris élégants.

Il decoro 20x20 si caratterizza per le raffinate geometrie tridimensionali: un mix di strutture che appaiono profondamente incise ma che sono invece puramente grafiche, sempre facili da pulire.

The 20x20 decoration is characterized by refined three-dimensional geometries: a mix of structures that appear deeply engraved but which are instead purely graphic, always easy to clean

Le décor 20x20 se caractérise par des géométries tridimensionnelles qui sont d'effets: un mélange de structures qui semblent profondément gravées mais qui sont au contraire purement optiques, avec un nettoyage faciles.

mosaico brick grigio 30x30 12"x12"

Grafica e struttura concorrono a creare una superficie naturale R10 ricca di movimento e di inclusioni minerali.

Graphics and structure combine to create a natural R10 surface rich in movement and mineral inclusions.

Les graphiques et la structure se fondent pour créer une surface R10 naturelle riche en nuance et en inclusions minérales.

stone

Amplia le possibilità di impiego della collezione la finitura Stone, una struttura che riproduce una lavorazione tipica della vera pietra, particolarmente indicata per le pavimentazioni esterne (R11).

The Stone finish extends the range of uses of the collection, a structure that reproduces a typical processing of real stone, particularly suitable for outdoor flooring (R11).

La finitura Stone élargit la gamma d'utilisations avec sa structure qui reproduit typiquement la vraie pierre, particulièrement adaptée aux carrelages extérieurs (R11).
